## 2024 Community Benefits

### Added 34 employed and independent providers

Inviting the best possible providers into our community and supporting them is essential to ensuring access to high-quality care. This year, we added providers in cardiology, pediatrics, hematology, oncology, radiology, emergency medicine and anesthesiology.

### Invested nearly \$2.3 million in capital improvements

By continually investing in our facilities, we're helping to ensure that we continue to meet our community's healthcare needs. This year's investments included a remodel of the intensive care unit, a new infant security system and remodel of labor and delivery, and completion of phase 1 of our energy project which is designed to reduce annual emissions and energy usage.

### Distributed a payroll of \$55,456,401 to approximately 685 employees

We strive to create an environment where talent is recognized, job satisfaction is valued and our employees can effectively use their skills to provide high-quality care and services.

### Donated nearly \$33.2 million in services to those in need

Delivering care to all of our neighbors, regardless of their ability to pay, is foundational to our mission and our commitment to our community.

### Paid \$7,906,676 in taxes

We are proud to be a leader in our region, and our dedication to ensuring fiscal responsibility extends both to our hospital and to our community.
